Steel Linear Actuated Adjustable Height Workstation 36 In. x 36 In. x 29-1/8 In. 500 Lb. Capacity Brown

MODEL LAW-3636

Ergonomic Solutions / Linear Actuated Adjustable-Height Work Bench

PRODUCT OVERVIEW

The linear actuated adjustable-height Work Bench increases productivity by allowing the body to reposition to a more comfortable position. The table allows anyone, regardless of their height, to easily use the table as a workstation or desk. Cantilever design optimizes foot, knee, and leg room. The platform is large enough for small parts assembly. A hand-held raise and lower control is attached to the understructure of the table; no more misplacing the remote. Durable hardwood platform standard.

KEY FEATURES

- Designed to automatically raise or lower to keep material at an ergonomic work height
- Features variable height working surface for different sized workers
- Platform is large enough for small parts assembly
- Hand-held raise and lower control is attached to the understructure
