

Steel Portable Adjustable Height Worker Stand High Ergonomic Deck 38-1/2 In. x 26-1/2 In. x 11-1/2 In. 500 Lb. Capacity Yellow

MODEL PAHT-H-2436

Industrial Ladders / Portable Adjustable Height Worker Stands

PRODUCT OVERVIEW

The portable adjustable height worker stand minimizes fatigue by elevating workers to heights that are comfortable and ergonomically correct. Especially useful when multiple shift employees operate the same piece of machinery. The ergonomic matting deck style provides comfort for the operator who stands all day. The height of each leg can be adjusted individually to ensure proper working height. The all directional spring-loaded swivel casters feature steel dome protection and include rubber pad bottoms to minimize movement. The unit has a welded construction.

KEY FEATURES

- Independently adjustable height legs may be set to level unit on uneven floors
- Ergonomic matting on top surface provides a comfortable standing surface
- Each leg fitted with spring-loaded swivel caster
- Models feature welded steel construction
